Sagemcom has been using Moodle since 2009. Having about 200 courses/training modules installed on the platform, Sagemcom has mandated us to:

- Ensure the migration of the platform and the migration of the history (learners, training, results, etc.).
- Ensure the migration of custom Scripts/Programs.
- Ensure the migration of Dashboard reports.

Reference number : Sagemcom 02-2018 Acquisition Date : July 2018 Expected Duration : 2 months

Sagem'com called upon SIT to take part in its offer for the design and scripting of 2 E-learning modules covering the following themes:

- Daily Information systems security
- Sagem'com ESD Training:
 - Understanding ESD
 - Causes and factors influencing it
 - ESD examples of non-compliance and means of combating

it.

Each course corresponds to a duration of 3 to 5 minutes of scripted content.

The modules are in the French language.

SAGEMCOM is looking for partners specialized in the integration of e-learning solutions, for its project of implementing certain improvements and specific development, to increase the exploitation rate of its E-learning platform.

This project is accomplished in different and relatively sequential steps. The update of the present offer deals with the following :

- The automation of certain platform administration functions.
- The training of around thirty people in the English language.
