Reference number : GIZ - Cool training-1-2024

Acquisition Date: Decembre 2023

Duration: 3 months

GIZ assigned SIT Elearning Solutions with the mission of producing Arabic versions of the Cool training course on Atingi, composed by 18 videos, including 14 animated and 4 featuring actors, all focused on the concept of "Cool training". This mission included not only the dubbing of the sequences, but also careful adjustments in the images and subtitles to ensure a smooth and authentic adaptation to the Arabic-speaking culture.

Beyond this multimedia production, the project also included the translation of additional documents such as course materials (handouts) and quizzes, in order to facilitate the establishment of an online learning platform in Arabic via the Atinigi platform.

This approach aimed to ensure maximum accessibility and in-depth understanding of the content, thereby providing a comprehensive eLearning experience for Arabic-speaking learners in Irak and elsewhere,

Reference number: GIZ TUNISIA-1-2022

Acquisition Date: November 2022-December 2023

Expected Duration: 12 months

SIT elearning solutions was appointed by GIZ Tunisia for the production of a certain number of elearning modules. This mission was spread over three periods:

- 1. During the first period, SIT's mission was to design and produce 11 online training modules for the benefit of municipal agents.
- 2. The second period concerned the design and management of a digital training module (Mooc) on the circular economy and climate change for the benefit of civil servants and municipal agents working in waste management or cleanliness who would like to strengthen their skills, get to know each other or assess their knowledge in these areas.
- 3. The third period was dedicated to the development and implementation of five online courses on the crucial topic of "digital literacy". This ambitious initiative was not just limited to course scripting, but also encompassed the production of videos shot in a professional studio, as well as the creation of an engaging podcast series.

GIZ -TUNISIA- Digitalization of 11 training materials

Contact Person : Olfa Dridi Phone Number: +216 56 828 625

Email: olfa.dridi@giz.de

Expected Duration: 6 months

Following a notice of consultation launched by the GIZ, the latter chose the company SIT Elearning Solutions to accomplish the mission of "Digitalization of 11 training materials".

During this mission SIT was mandated to carry out the following work:

- Digitally reproduce the content of the 11 training materials
- Design and integrate multimedia content to ensure the interactivity of online training modules
- Design an educational ribbon adapted to the type of training (soft skills training or business training)
- Include questionnaires or quizzes at the end of each chapter of each training in order to assess the achievements of the people trained
- Design of a nominative participation certificate
- Integrate digital training modules/materials into the CFAD platform
